Preface 4

Part I Hills

Copper observations 6

Amber experiments 8

Part II Cities

Silver results 11

Afterword 14

Appendix 1: Materials 15

Original reading material

Independently written material for hierarchy verification.

Preface

Independently written material for hierarchy verification.

Part I Hills

Independently written material for hierarchy verification.

Copper observations

Independently written material for hierarchy verification.

Original reading material

Independently written material for hierarchy verification.

Amber experiments

Independently written material for hierarchy verification.

Original reading material

Independently written material for hierarchy verification.

Part II Cities

Independently written material for hierarchy verification.

Silver results

Independently written material for hierarchy verification.

Original reading material

Independently written material for hierarchy verification.

Original reading material

Independently written material for hierarchy verification.

Afterword

Independently written material for hierarchy verification.

Appendix 1: Materials

Independently written material for hierarchy verification.

Original reading material

Independently written material for hierarchy verification.
